audiovisual artist, experimental musician, performer, concept writer and art event manager and coordinator, resident in Berlin. Originally from Czech Republic. Studied Multimedia and Performance Art under prof. Tomas Ruller at FaVU VUT Brno, CZ. Graduated in 2014 with a PhD in audiovisual performance - Hyperspeed Reach. Since 2006 performing as [Akkamiau](#) - experimental a/v shows, recently working on interactive a/v performance [hiTHER'tōō](#) [female:pressure]. Founding member of [StratoFyzika](#), collective creating movement-based interactive audiovisual performances; ex-member of [Anymade studio](#); coordinator of international new media festival [Multiplace](#); art director of site specific projects LtotheB, Zbrojovka, Shalingrad riderssss (CZ); production and coordinator of Czech it!, Fauchmiau, [female:pressure PERSPECTIVES](#) (Berlin).

Living and travelling abroad, collecting experiences in art and music club culture, with focus on audiovisual performance. Education in pedagogy, art and management, experiences in leading collectives, praxis in media, radio and TV.

Audiovisual performance is formally parallel to time/space/energy exchange and I use physics and other theories as concepts for creation process. My approach to sound and light is experimental; in wide range from emotional interpretation of abstract synthetic language, to the perception of the physical motion of matter in an environment.
